AS Degree/New Century Planning Meeting

On Wednesday, November 9, Itineris counselors and SLCC Concurrent Enrollment Advisor, Holly Perry, will host an Associate Degree/New Century Planning Meeting at 6:00pm in the Health Sciences Auditorium. At this meeting, Itineris juniors (parents strongly encouraged to attend) will learn about the requirements necessary to earn the degree and be eligible for the New Century Scholarship. Only juniors on the pathway to complete their associate degree by senior spring should attend the Nov 9 meeting. All other juniors are invited to attend an AS Degree planning meeting on Jan 23 (tentative). It is required to attend a planning meeting before scheduling an individual planning appointment with Holly.

“LEAP” into the University of Utah

The University of Utah has an outstanding opportunity for freshmen students called the “LEAP” program. Becoming a part of the LEAP learning community helps a student make a successful transition from high school to university in a supportive environment.

In LEAP, you enroll in a year-long seminar with the same students and faculty members. Also available are special optional courses in writing, library research, and service, as well as a selection of majors. LEAP faculty are recognized for their teaching excellence.

To participate in LEAP, you may sign-up at orientation. To Learn more about LEAP, visit: www.leap.utah.edu.

Southern Utah University Overnight Visits

SUU Overnight offers high school seniors a real college experience. Live the life of a SUU student for a day. Go to class, eat with students, attend a SUU activity and room with some of SUU's best students to get a taste of university life. SUU Overnight is an excellent way to get to know SUU's campus and a feel for college life. Cost is a mere \$20 which covers food, lodging and a SUU shirt. -Register at www.suu.edu/overnight -SUU Overnight is offered various weekends. The next opportunity is **November 17-18**. Register today!

College Happenings

Most colleges provide many opportunities for students to attend events to familiarize themselves with the campus, participate in leadership opportunities, explore majors and even attend special admissions events. Explore opportunities online for the following colleges and events:

-USU Open House, Nov 2

www.usu.edu/admissions/openhouse

-Aggie Leadership Extravaganza, Nov 4 and Nov 12

www.usu.edu/admissions/ale/

-UVyou Days and Wolverine Weekends, various dates

www.uvu.edu/futurestudents

-“U” Nights, various dates

www.utah.edu/futurestudents/visit/

-SUU Leadership Weekends, various dates

www.suu.edu/weekend

-Weber Wildcat Welcome Day, Feb 1

“Learning without thought is labor lost.”

-Confucius

SENIOR SEOP's

Meetings are currently being held and will continue until Nov 18. If you have not scheduled an appointment online, contact Matt Ekker directly at: matt.ekker@iechs.org or 801-256-5973

FINANCIAL AID NIGHT

WHEN: Wednesday,
January 4, 7:00pm

WHO: Itineris Seniors
& parents/guardians

Learn about financial aid and receive assistance on the FAFSA

SCIENCE DAY AT THE U

Saturday, November 12
8:00am-1:30pm

Registration is open until November 10 at www.science.utah.edu/outreach/science-day.html

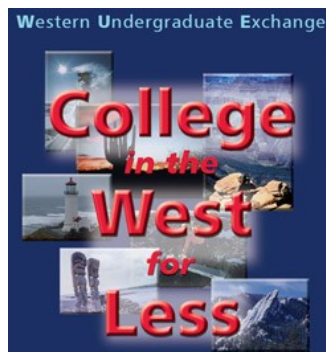

Western Undergraduate Exchange

Are you thinking about attending college outside the state of Utah? The Western Undergraduate Exchange (WUE) is a program through which students in participating states may enroll in designated two-year and four-year institutions and programs in other participating states at a special, reduced tuition level.

Tuition for WUE students is the regular in-state tuition plus 50 percent of that amount. In all programs, the cost to WUE students is substantially less than the nonresident tuition. Students do not need to demonstrate financial need to receive

the WUE tuition benefit.

Go to <http://www.wiche.edu/> to learn more about this program and participating states.

USU Diversity Day

Diversity Day is designed to provide under-represented minority high school juniors and seniors with information, exposure and experiences of college life at Utah State University.

The registration is \$20 which includes transportation, meals, workshops, and activities. This event will be held on Friday, Nov 18 from 9am-4pm. To learn more and register online (deadline is Friday, Nov 11), go to: <https://www.usu.edu/admissions/diversity>

How to Make a College Visit:

The very best way to know if a college “fits” you is to visit the campus. Before you commit years of your life and thousands of dollars to a school, make sure you are choosing a place that is a good match for your personality and interests.

You can't really get the feel of a school from a guidebook or by visiting the school virtually online, but you can get a feel

for a school by seeing it in person. If you are going to invest the money for college, VISIT!

- Schedule a guided tour
- Attend an information session
- Arrange to speak with a department
- Spend the night in a dorm
- Talk to students who attend
- Meet with a professor
- Explore the campus

Engineering Day at the University of Utah

Date: Saturday, November 5

Time: 8:30am-12:30pm

Location: Warnock Engineering Building, 72 S Central Campus Drive, Salt Lake City

4 Reasons to attend:

1. Meet academic advisors and talk to engineering students about the U
2. Tour research labs and

learn more about cutting edge research

3. Talk with faculty to discover areas of engineering that interest you the most
4. Get info on engineering scholarships and admission to engineering programs at the U

Areas of engineering that will be represented: Biomedical,

Chemical, Civil, Computer, Computer Science, Electrical, Geological, Materials Science, Mechanical, Metallurgical, Mining.

For more info and to RSVP (RSVP is required): visit www.coe.utah.edu/k12/coeday

This event is open to high school students (9th-12th), transfer students, parents, teachers, and counselors.
